An Israeli Experience

The Matmon Club

As a Matmon Club member you'll enjoy a host of benefits: Explore nature on exciting trips on your own or with family, tour the country to experience its natural treasures, protected species, a wealth of flora and fauna and treasures of heritage and history.

We all carry pleasant and exciting memories of our family forays into nature: a secret spring, a mountaintop or overnight in a family tent in the heart of the desert. Scientific research has demonstrated the advantages of time spent in nature in increasing contentment and family cohesion. Your Matmon Club membership provides not only benefits and free entry to national parks and nature reserves, but also deepens connections to nature, family and yourselves.

Matmon Club membership provides free, unlimited entry to some 65 national parks and nature reserves for a year, a 25% discount on overnight stays in your own tent at our campgrounds, and special discounts on activities and tours.

*Except for sites where the entry fee is at a 50% discount
